

Lear Communication's One-on-One Technology Support Courses

Developed by Technology Consultant Tonya Lambert, CDA

Level 1 Package: Introduction to basic features and use of the iPad/iPhone.

Cost: \$175.00

Features and Learning Included:

- Basic functions (unlocking, swiping through pages, setting passwords, searching apps, opening and closing apps, turning device on and off)
- Setting up accounts (iTunes, mail, app store)
- Use of navigation and control center (volume controls, locking muting)
- Basic maintenance practice (closing apps, restarting device, basic settings, charging)
- Organization of device (folders, screens, deleting and moving apps)
- Basic troubleshooting and resources
- Safety supports in place (phone numbers, accessing contacts, syncing features involved with iCloud)
- Learning updated operating system changes

Level 1 is presented over **2 sessions which must be scheduled within 10 days of each other** in order to maximize learning (you will be asked to practice in between sessions 😊). Each session is 45-60 minutes in length.

Sessions are conducted by our Communicative Disorders Assistants who are friendly, fun, tech-savvy - and also highly trained in cognitive and communication difficulties.

Sessions are provided 1:1 with the client and/or their caregiver.

Additional 45-60 minute sessions to consolidate Level 1 knowledge may be purchased for \$90.00 each.
